
1st Triennial IOTA 2022 and International Trauma Conference

Amsterdam, the Netherlands
14–16 December 2022

Save the date!

Trauma: a global disease

– Improve outcomes, work together –

Skinny Bridge, Amsterdam

Save the date!

Although the Corona pandemic is far from over, worldwide, massive vaccination finally makes it possible to prepare for the postponed **1st TRIENNIAL MEETING of the IOTA in a live version**. We are expecting many of the IOTA members to come and join us in Amsterdam. In a three day international conference in the **RAI Congress Center in Amsterdam, 14 - 16 December 2022**, Trauma- and Orthopaedic Trauma Surgeons from all over the world will meet to exchange knowledge and stimulate international cooperation and the spread of optimal care for Trauma Patients. We would be privileged if you as members of the international Orthopaedic Trauma Community would visit and participate in this high standard scientific meeting.

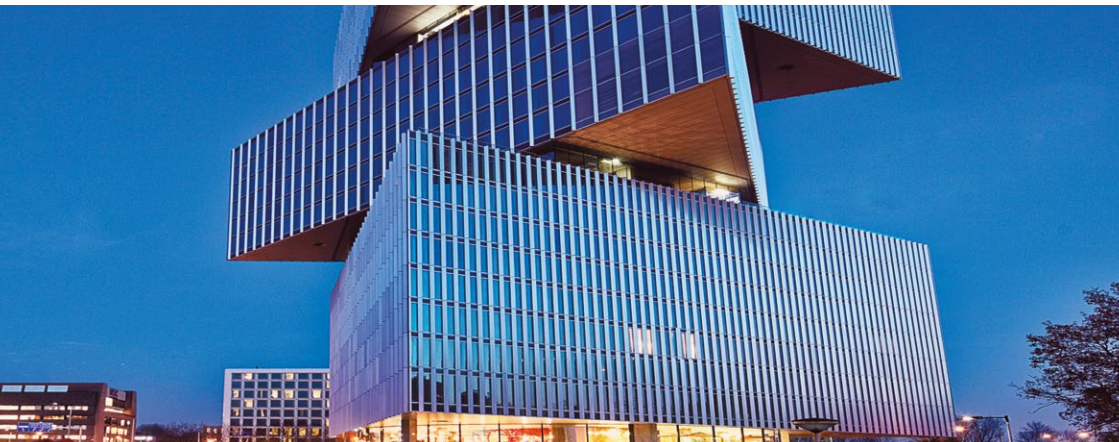

Registration open: April 2022. Abstract submission open: April 2022.
